

## Levo, Brian

---

**Subject:** EPA water case updates and Inspection targeting  
**Location:** Ecology SW Regional Office (Lacey)

**Start:** Thu 8/15/2019 9:30 AM  
**End:** Thu 8/15/2019 11:00 AM

**Recurrence:** (none)

**Meeting Status:** Meeting organizer

**Organizer:** Levo, Brian  
**Required Attendees:** Eberl, Steve (ECY); Kenknight, Jeff; Terada, Derrick; Kim, Stacey; Carpenter, Honor (ECY); Hancock, Kevin (ECY); McKinzi, Adonia (ECY); Pacifico, Marc (ECY); Montague-Breakwell, Chris (ECY)

Agenda - We'll provide updates on our compliance/enforcement work occurring in the SW Region and we would also like to discuss inspection targeting. We're in the process of inspection planning for the next fiscal year and are interested in facilities you think might be ripe for a federal lead inspection. Even though a lot of our recent work in SW has focused on ISGP compliance, we'd be interested in also discussing issues you're seeing in other NPDES sector areas such as construction projects or direct dischargers, where EPA involvement could be helpful.

EPA attendees:

- **Jeff KenKnight** – Branch Chief - *Water Enforcement & Field Branch*
- **Derrick Terada** – Section Chief - *Surface Water Enforcement Section*
- **Stacey Kim** – Stormwater Lead/Compliance Officer - *Surface Water Enforcement Section*
- **Brian Levo** – NPDES Enforcement Coordinator/Compliance Officer - *Surface Water Enforcement Section*

Thanks,

Brian Levo  
NPDES Enforcement Coordinator
